

GARAGE BURNS

AT WHITE HALL

Boy Playing With Matches
Starts Fire At F. K.
Markline's

SAVE DWELLING HOUSE

White Hall, Aug. 28.—While playing with matches in the garage of his father, Frank K. Markline, his little son, Francis, set on fire some papers in the building and when the fire was discovered it was so far advanced that it could not be checked. The Hereford Volunteer Fire company was called and prevented a spread of the flames to the residence, which is located about thirty feet from the burned building. The contents, which included a buggy and some tools, were completely burned
